SUMMER TASK FOR ENTRANTS STUDYING GERMAN

You should bring with you when you arrive at the beginning of term summaries of the three plays and one film mentioned in the reading list sent to you. These should be in English or German and about 3-4 sides in length. Try to decide as you make the summaries what seems particularly important, paying attention not just to the story but to other aspects such as style, tone etc. But these summaries are intended to be useful to you, and you may make them as personal as you like. You will be asked to hand in the summaries by the end of the week you arrive (i.e. by Friday 11th October 2019).
