

Chemistry Admissions at Queen's 2021

Queen's received 27 first-choice applications for Chemistry. Of these, 8 were not short-listed for interview and 19 were interviewed at Queen's. In addition, one candidate was re-allocated to Queen's from their first-choice college. These 20 candidates had two remote interviews with Queen's chemistry tutors. Queen's also interviewed a further 11 candidates who were first-choice applicants at other colleges.

Queen's made 7 offers for 2020 entry (including 1 open offer). 1 of these offers was to a candidate who was not a first-choice Queen's candidate. Also, of the Queen's candidates interviewed by other colleges, 3 received offers.
