

GENDER PAY REPORT

As at April 2023

The Queen's College, Oxford employs over 250 people and is thus required to publish its gender pay gap statistics under the Equality Act 2010 (Gender Pay Gap Information) Regulations 2017. The College is committed to gender equality in the workplace.

We are confident that women and men are paid the same for doing the same job at Queen's. However, men and women are often employed in different roles across our organisation creating a gender pay gap. We actively encourage diversity in recruitment.
